Dear Richard

Thank you for the prompt update as always.

We appreciate the willingness to continue dialogue once WSCC report back.

On the EOT we will pass this along to our client before confirming next week.

On your final point, best of luck with whatever you are going on to in your career - I know myself and colleagues have appreciated your frank and always timely engagement with us throughout this application and wish you all the best on the future.

Dear Gareth,

Thank you for the email.

I understand your Highways Consultant is dealing directly with WSCC so we hadn't formally re-consulted again, but I understand the matter is for consideration by them already (direct emails to Dominic Smith). I have now made a further, formal, consultation. Also.

We would give reasonable time after WSCC comments for you to consider any response and it is likely would seek an additional EOT unless you would be willing to agree one now until Friday 11th May 2018.

I would like to make you aware that this application will be handled by a new officer after today as this is my last day at the Authority. This is why I was not at the meeting last night. Once it is know who will be handling the application they will be in contact.

Regards,

Dear Richard,

It has been around 6 weeks I believe since our Highways Consultant submitted further evidence to WSCC addressing the concerns raised in their original objection.

Mindful of the EOT until 19th April (just under a month's time) we are seeking an update on both the expected timescale for WSCC to respond and their anticipated opinion if you have insight into

that. We are of course confident that the highways and sustainability matters have been overcome but would still ask that you allow us reasonable time to consider any response prior to making a decision, regardless of the outcome.

Best wishes

Gareth
