Hi Simon

I appreciate the correct splays have now been indicated but ideally the red edge of the site should also be included so we can ensure that these pass through applicant maintained land and public highway only. I also note they have only indicated one of the pedestrian crossings on one side of the road whereas the approved site plan under AL/136/17 shows all four ped crossing points and proposed footway in greater detail. For consistency sake, this should be provided. The RGP drawings approved under AL/136/17 show this in clearer detail.

Dear Simon

I attach revised plan received from Scandia Hus produced in line with the WSCC requirements. Please note that this new revised plan is labelled as SP01 Rev C which needs to replace the reference in the applications to plan SP01 Rev B.

Kind regards.

Anna Ferrier
