For the attention of Mrs D Johnson

I refer to the letter addressed to Mr R Brooks, dated 24th October. I should point out that Mr Brooks is no longer representing us in this matter and because of that we have only very recently been made aware of your letter. In the circumstances, I would be extremely grateful if you would agree to an extension to the deadline of the 7th November. This will enable us to pull together the information you require.

Thank you

John Wilson
