Rob,

As discussed, I still have outstanding consultee comments on the above application and am waiting for responses which will help finalise the list of S106 contributions for you to consider. I also need to finalise my views on the layout and masterplanning issue, and finish checking compliance with other policies in the Plans – which also links to the outstanding highway and tree comments. You also then need time to consider the contributions requested. The next available committee is the 10th April, if agreement can be reached on contributions and any layout issues resolved. Therefore, it would be sensible to agree an extension in time to the 11th April.

Please can you confirm the extension.

Kind regards

Claire
