I Colin John Chewter of Woodpecker Nursery, Sack lane, Lidsey, Bognor Regis, PO22 9PE do solemnly and sincerely declare that:

1. Together with my first wife, I purchased Woodpecker Nursery in 1982 and have run the nursery ever since. Following the breakdown of my first marriage, the nursery was transferred to my sole name. My second wife Helen Louise Chewter has resided here since 1985 and we have lived in the dwelling edged blue on the attached plan at Annex 1.
2. Jacamar has not housed any full time, permanent staff since it was completed. In the early years it was occupied by seasonal workers.
3. Jacamar is the dwelling and associated garden edged red on the plan attached at Annex 1.
4. In the mid 1990's the nursery was fully automated with a computer system to manage venting, heating and irrigation which negated the need for any staff to live on site. The property remained empty for about 10 years following automation, and then we began renting to John and Carol Crumpler in 2007.
5. Attached to this statement at Annex 1 are copies of all the annual tenancy agreements which cover the period March 2007 to March 2018. The tenants, who have not changed during this period, and have never been employed at the nursery, include:

John and Carol Crumpler

During their tenancy period neither of the tenants has been employed in agriculture/horticulture. John is self-employed as a licenced taxi driver and has been since 1977. Carol has been employed as a retail assistant with St Wilfred's since March 2017. Prior to this, she has been employed at various local companies in a clerical/office administrative role and in the retail sector.
