There has been a substantial amount of new properties built with no consideration for current residents. The amount of road closures in and around the location is beyond a joke. The flooding is causing further problems too. With all the new concrete there will be even less areas for water to go other than properties. Not to mention more people with less schools, doctors, longer waiting times for the local hospitals due to number of people waiting. Crime will increase and there will be a larger requirement on an already struggling police force. Not to mention the turving out of wildlife. What was once county is now more like London. The prices are extortionate for what is poorly made properties. The pollution within the area will rise causing more of an issue for those already suffering with respiratory diseases and cause respiratory conditions for those who haven't. There's a lack of thought for current residents. With all the new properties that have been built and currently being built there surely isn't a requirement for more. This is more a case of lining ones pockets. I along with other residents are certain that no one who agrees to these and other new builds live in the area or next door to where they are planning to be built. I'm sure they too would object as wouldn't want it on their door step or their many acres of land which they've purchased through the money made through these new builds. Our roads, community and amenities can not cope with any further development.
