OWPC65132

I am against this development. The proposed area provides invaluable green space for local residents and wildlife. 6 villages has already been subject to significant housing-related change in the last 5 years with developments in and around existing dwellings. The roads are already gridlocked as they are unable to cope with it the additional traffic volumes and lack of drainage, causing flooding. The pollution is already bad from the cars where children walk to school each day. It is unfair on existing residents to be subjected to more housing which has the effect of diminishing local resident enjoyment of where they live, both during development and post development. There is also wildlife - bats and birdlife - that rely on the area, including the chalk stream

Your views as made above will be considered before the application is determined.
