Thank you for your internet representation made on 3rd March 2024 which has been recorded as an objection with the comments as follows:

OWPC65220

This proposal is an absolute disgrace and cannot be allowed to go ahead. This area is already overpopulated and over developed. The road network cannot take an extra 400 houses; the main A29 is constantly gridlocked and not able to deal with the amount of traffic already using it.

This development will also cause massive flood issues in an area which is already at breaking point from flooding, allowing this development will cause more flooding and upset the water table further.

I have no doubt that Arun district council will approve this as they only see it as an opportunity to gain revenue from the planning fees and additional council tax opportunities, no consideration will be given to the thousands of residents that this will disrupt and reduce the quality of life of. It will also impact on business premises that have lost tens of thousands of pounds due to recent flooding which will only get worse with this development.

Your views as made above will be considered before the application is determined.
