This application also lies within the parish of Barnham, falls within Strategic Site SD5, CIL Zone 1 (Zero Rated), affects the setting of listed buildings, affects the character and appearance of the Eastergate Church Lane Conservation Area, affects public rights of way. This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 8th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65355

The infrastructure in our area is stretched to the absolute limit. There have been multiple road closures, disruptions to water pressure, sewage leaks recently, not to mention the constant traffic jams and high volume of traffic constantly. More houses would only exacerbate an already overloaded community that is in dire need of additional funding for road improvements etc etc.

To approve such a huge development without first investing heavily in improving infrastructure and amenities would be disastrous, not to mention losing even more green belt land. Its not six villages any more, its one giant suburbia :(

Your views as made above will be considered before the application is determined.
