This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 11th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65381

The locations of these planned new houses will remove the only local place where dogs can be walked freely off their leads and is used by tens of people daily. The proximity of the houses to the existing dwellings is far too close and gives no consideration for the privacy and views people paid to have when moving in. Lastly, the land frequently floods and has raw sewage spills from the already over burden sewage system servicing the area - is building on a flood plane advisable when in reality the builders will be long gone when unsuspecting buyers houses have flooded. It feels like there are better locations in the area that should be investigated first.

Your views as made above will be considered before the application is determined.
