Thank you for your internet representation made on 12th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65407

There are several reasons this development is not only going to negatively impact the surrounding area but also the current residents of Westergate/Eastergate. Severe flooding is very common now in this area with no acknowledgment or plans to increase infrastructure to cope with this, just adding more and more poorly built houses. The wildlife in these areas will be severely impacted. This will impact current residents and their access to nature, wildlife and green spaces. Arun council have already stated congestion in these villages are severe but this plans to add hundreds of new vehicles to the area with no adjustments to the road structure. Overall this development is not wanted or needed.

Your views as made above will be considered before the application is determined.
