Dear Sir/Madam,

This application also lies within the parish of Barnham, falls within Strategic Site SD5, CIL Zone 1 (Zero Rated), affects the setting of listed buildings, affects the character and appearance of the Eastergate Church Lane Conservation Area, affects public rights of way. This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 25th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65711

I would like to register my objection to this planning application to build 400 new homes on the land in Westergate. There are many reasons why I object to this application. The area is already struggling with the sewage and flooding and there have been many occasions in the past year where roads have had to close, this will only get worse. The current Lindsey sewage treatment works is already beyond capacity. In addition, the main A29 is already a busy road, suffering from flooding and potholes and further developments will increase traffic and make the quiet villages both noisy and unsafe. The vehicle access proposed is absurd and would be completely impractical for the house owners and local residents. One of my other major concerns would be around the ability for local services to cope. The schools are already full, both doctors and dentists would struggle with the increase in numbers and are unable to cope at present. There would also be added pressure on the local hospitals and all NHS services. There are already far too many new developments in the area and the local villages are all suffering as a result.

Your views as made above will be considered before the application is determined.
