Dear Sir/ Madam,

As residents of Barnham and ones that have had their property flooded twice with sewage, due to the lack of infrastructure, we strongly object to further development.

This area cannot cope with further concreting over the fields and landscape, water has no where to go, but cause misery for locals, road users and visitors.

The whole area is unrecognisable, enough is enough. It would be an absolute travesty to allow this to go ahead.

Kind Regards,

Richard and Sydnee Kalinski
