Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AL/11/24/OUT
Site Address: Land East of Westergate Westergate
Description of works: Hybrid application consisting of: 1) Outline permission for all matters reserved (except access) for up to 400 No dwellings and associated works and 2) Full planning permission for alterations to site access off Westergate Street and through Pine Close and east-west link road including a bridge over the Lidsey Rife. This application also lies within the parish of Barnham, falls within Strategic Site SD5, CIL Zone 1 (Zero Rated), affects the setting of listed buildings, affects the character and appearance of the Eastergate Church Lane Conservation Area, affects public rights of way. This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 27th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65778

I object to this application as it will destroy a chalk stream, endanger the local wild life, Voles, Egrets, Foxes, Deer and other bird life. The area is a well used walking space that is very much needed for general well being of the community. The proposal will also increase an already over used road infrastructure. The area is currently flooding on a regular basis and any extra hard surfaces of this nature will just increase the incidents of this. The aesthetics of St George's Church, Eastergate will be profoundly impacted. The road proposed to join the A29 at Pine close is jammed most week days at peak times, another 400 dwellings will mean another possible 800 vehicles movements in and out each day. The current infrastructure just won't cope. Regards George Stapley-Jones
