Regarding planning application.

AL/11/24/OUT

I am writing to register my objection about the planning application for 400 horses in the fields to the east of Eastergate. Ref AL/11/24/OUT.

We already know of the state of the roads around this area & the flooding incurred - not to mention the sewage causing such disgraceful problems in what is supposed to be civilised living conditions.

There is also the extreme danger of our wildlife disappearing completely with our chalk streams being contaminated with raw sewage!

Children & animals can't play freely on grassy areas as it will all be taken away.

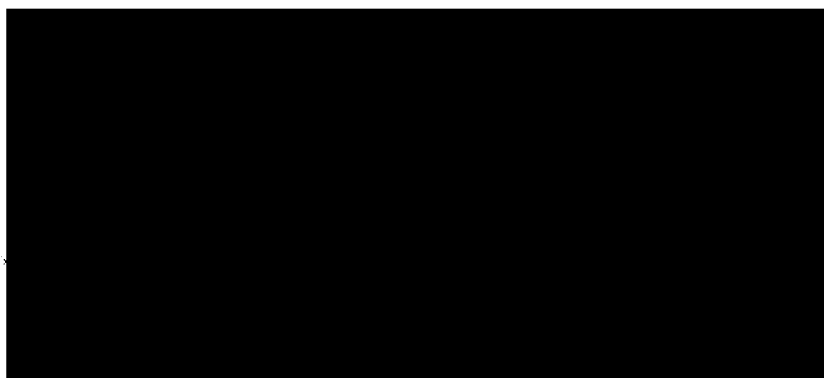

Doctors surgeries are not adequate to deal with any more patients. They can't cope with the numbers

they have already.

I am a widow, trying to keep as independent as possible - I have a dog to take out for walks to promote fitness. I don't drive, so can't take myself out in to the main countryside to exercise my dog & myself. We are constantly being told to exercise & stay fit. How will we ~~get~~ the chance with no fields to walk on?

With all the extra vehicles that this housing will promote there won't even be clean air for us to breathe!

Please listen to our objections.
for the sake of us all & future generations.
