Thank you for your internet representation made on 27th March 2024 which has been recorded as an objection with the comments as follows:

OWPC65820

As a local resident of the proposed development area I have serious concerns about the viability of building on land which has drainage problems. We have suffered extensive disruption with A29 flooding and the roads being closed. There is sufficient housing already along Fontwell Ave which I believe is still not fully occupied and more housing along the A29 at Woodgate. The heavily flooded fields along Charlie Purley Way should be an indicator that development of this first part of a much larger proposed development of thousands of houses is ill thought out. There is also the loss of natural habitats, lack of schools and medical facilities.

Your views as made above will be considered before the application is determined.
