OWPC66036

There are far too many new houses in this area and it is destroying the villages. There is already too many residents for the doctors and schools to service (I believe SPH school had 600 applicants for 190 places and getting a doctors appointment is near on impossible for many. Infrastructure needs to be a priority not more houses. The traffic is horrendous only made worse by the constant flooded roads because the land that previously absorbed rain water is now covered in concrete foundations of hundred of houses. I actually can't believe following all the houses built all along Fontwell Avenue and the Peckham Chase estate that more houses in this village is even being considered. Please don't take anymore of our green spaces. The environment and future generations wellbeing needs to be put before rich developers making even more money. You are allowing these beautiful villages to be turned into soul less housing estates.

Your views as made above will be considered before the application is determined.
