I have lived around Eastergate and Westergate for the last 25 years. My children have enjoyed playing in the chalk stream that runs through these fields (which I understand is local to this area of the country and therefore quite rare) I have walked my dogs here, and used this space regularly to reset my mental health. This is the place I walked during Covid and this is the place I record the birdsong to play back to my children in pre school. (You hardly hear birds on new estates) The wildlife I have seen and heard here is just beautiful. Yellow hammers, goldfinches, foxes, deer and sloe worms to name just some. We don't have the infrastructure to cope with more houses. It's hard to get a doctors appointment, the roads are already very busy and not to mention the recent flooding. There have been a number of new estates built in this area recently, do we really need another? We are running out of green space, which apart from anything else will force us to have to get into our cars causing more pollution and adding to the congestion in order just to walk our dogs and enjoy our local area. Please say NO to this one.

Your views as made above will be considered before the application is determined.
