We have much wildlife in the area they want to build. Voles owls foxes and woodpeckers which are protected plus much more wildlife. I have petitioned against the build. For many other reasons. When I come home from work the traffic is already backed up from railway gates to past Indian because the gates are down more than they are up. The centre slip way on A27 from Tangmere to Fontwell to cross to go towards Aldingbourne isn't long enough and cars are queuing on the busy bypass it's a dangerous accident waiting to happen where many people will be badly injured or worse. This is a village a small one at that where the roads won't be able to cope and due to the queues it will cause pollution will be at its highest. No wonder we're being flooded. Trees, grass etc drink up the water now it has nowhere to go but back up to come down again. Sewers are already overflowing and water pressure will drop
Please take notice of all petitions PLE
