Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: AL/11/24/OUT
Site Address: Land East of Westergate Westergate
Description of works: Hybrid application consisting of: 1) Outline permission for all matters reserved (except access) for up to 400 No dwellings and associated works and 2) Full planning permission for alterations to site access off Westergate Street and through Pine Close and east-west link road including a bridge over the Lidsey Rife. This application also lies within the parish of Barnham, falls within Strategic Site SD5, CIL Zone 1 (Zero Rated), affects the setting of listed buildings, affects the character and appearance of the Eastergate Church Lane Conservation Area, affects public rights of way. This application is the subject of an Environmental Statement.

Thank you for your internet representation made on 31st March 2024 which has been recorded as an objection with the comments as follows:

OWPC66082

I object to this development because the local road can not cop with the extra traffic. The A29 access point joining to site is grid locked in excess of half a mile several times a day. This road is very often closed due to flooding at Shripney and Fontwell, as are the Barnham road and Nyton road.

The infrastructure particularly drainange can not cope with existing sewage which almost continually leaks onto the site and into the rife. The local Doctors surgeries are over whelmed making it difficult to get an appointment.

These fields are precious and very popular walking areas and in recent years bring so much joy and well-being to the local public and dog walkers and wild life. They provide a super environment to escape traffic and the built up environment. So many people in the community will miss the open space and suitable environment to walk dogs off lead.

The A29 releif road needs to be in place before the building on the fields and green passage footpaths should be retained from St Richards road to provide a rural circular green space loop. The new road needs to extend beyond the flooding area at Shripney before building on fields.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments including your name and address on the website. Please make sure that you have only provided information that you are happy will be published in this way. If you have supplied information belonging to a third party, you must make sure you have their permission to do so. If you do not wish your comments to appear on the website or on the file you will need to confirm this by emailing to planning@arun.gov.uk and I will arrange for it to be destroyed although this means that the content will then be disregarded.

The majority of applications are determined under delegated powers by officers. Further information on the decision making process can be found on the website at [:https://www.arun.gov.uk/what-happens-next](https://www.arun.gov.uk/what-happens-next).

Some applications will be determined by the Planning Committee, and I shall write and inform you of the date of the meeting and the procedures for public speaking if this is the case. However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/planning-application-search>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Planning Committee.

Regardless of how the application is determined I will notify you of the decision.

Yours sincerely

Neil Crowther
Group Head of Planning
