Please send the following:

- 15 copies of the agreement drawing

- An electronic copy of each drawing.
- Bill of Quantities (S278 and S38 works need to be detailed separately)

Once I have received these I will instruct our Legal Services Unit to draft the Highway Agreement. No work on the public highway can commence until:

- 1) the highway agreement is in place
- 2) a pre-start meeting has been held, at which traffic management will be agreed
- 3) all pre-start requirements have been carried out - these will be listed within the agreement or may be set as planning conditions.
- 4) the roadspace for the works is booked.

The Highway Inspector for your site will be [REDACTED] who can be contacted on the following number [REDACTED] or by email [REDACTED] to discuss pre-start procedures such as traffic management, advance notification signs and letter drops.

I have attached a roadspace booking form which may only be submitted after the agreement is signed. In the interim you should prepare traffic management plans, phasing plans and a programme for the works and submit them for my perusal.

Kind regards
Gurjiven
