Thank you

Subject: Planning Application AL/129/18/OUT

Dear Sir,

I have only just become aware of this planning application. I live at 6 Orchard Gardens and therefore will be particularly affected by any development such as suggested in this application and believed, obviously incorrectly, that after the refusal of a similar application last year, that no further application of the same type could be made within a five year period.

All of us that live in this area are simply so frustrated with planning application after planning application that is leading to such a potential fundamental change to the area and our future quality of life. My objection to the previous application is on record and still is so relevant. However the speed at which this application has been progressed means that I assume I am too late to further object. I have had no communication from the applicant so I assume they have little interest in the views of the local residents. Whilst I know that any decision must be based on planning guidelines and local plans surely it is obvious that the application as submitted cannot fit with such criteria, How, can I ask, is it possible to stop application after application which just appear to be a repeat of the previous one.

With best wishes and kind regards

Arnold Clenshaw
