Dr sir /madam

I would like to draw your attention to west sussex county council consultation it says The area of the proposed development is shown to be at HIGH RISK from groundwater flooding which we have seen over the last 12 years we have lived next to the proposed site. Every year it has flooded June 2012 the hole proposed site was under water for several months and almost flooded our property this year large amount of crops lost to flooding. Also we believe the application is not acceptable it has the wrong address its Woodgate Farm a working farm not as described on application.

Regards Mr and Mrs Treagus
