Hi Tim,

Please find updated drawings attached with the traffic islands widened to 1.8 metres with carriageway widening to the east to maintain the 3.15 metre through lane widths and 4.0 metre kerb to kerb widths. Due to the dimensions that are already shown on Sheet 2 on the main viewports we have added a small insert of the length and width.

All of the recent changes are very minor in nature and you will be aware that the ADC's Agenda for the planning committed on the 27th April is being finalised now and, therefore, we trust that you are now able to confirm that you have no objection to the proposals in highways terms given this is the final outstanding matter.

I will give you a call later this morning to confirm the situation.

Happy to discuss.

Kind Regards,
Brad
