Updated marketing data attached, in case you need it.

Holiday lettings has cumulative data.

Homeaway, only viewings in last 30 days, but it does also show my ranking of 337 out of 1434 properties in the Chichester area.

Airbnb had 30 views in last 30 days as well.

NO ACTUAL ENQUIRIES AND HENCE NO BOOKINGS.

my prices vary from £70 to £85 per night according to site. I do not know what one needs to do to get enquiries for this property.

Let me know if you need more data or clarification

Regards

Simon
