Thank you for the opportunity to comment on the above numbered planning application. This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. In respect to the above planning application I would provide the following comments.

I note with disappointment the developer no longer plans to provide a link to Public Right of Way Footpath (FP)299 that runs parallel to the southern boundary despite this being secured at Outline.

Any new planting within the site boundary that may encroach or overhang FP299 must have a management plan in place to keep it from doing so.
