Hi Simon,

Apologies if this was missed.

I've attached the statement in sections in this and following emails as it is very large.

Whilst writing, we can see that there are highways and flood risk responses that are still uploading. Are they available for you to send to us?

Regards

Dawn

Subject: [EXTERNAL] RE: AL/137/24/RES Land Rear of Meadow Way - CIL

Dear Peter,

I have had a message from Aldingbourne Parish Council to say "*The parish council discussed the above reserved matters application at its meeting on Tuesday and is in the process of submitting a reply, however the "updated drainage statement" referred to by Henry Adams for the applicant Redrow at para 6.36 and 6.38 of the current application does not seem to be on the portal. I believe it was supposed to be an attachment. I know that developers can upload all their own documentation, but this is a part of our submission, and I would be grateful if you could let me know if it is actually missing, or if it is labelled under something different.*"

I can't see this on our website, and I have also checked the files submitted through the Portal in case we missed it at our end. Can you advise as I will need to respond to APC.

Thanks

Simon
