Dear Sir/Madam,

**The Town & Country Planning Act 1990 (as amended)  
Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 6**

Application No: AL/137/24/RES  
Site Address: Land rear of Meadow Way including 24 Meadow Way Westergate  
Description of works: Approval of reserved matters following outline consent AL/178/22/OUT for appearance, landscaping, layout and scale for 89 No. dwellings with open space and associated works (resubmission following AL/50/24/RES). This application is in CIL Zone 3 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 29th January 2025 which has been recorded as an objection with the comments as follows:

OWPC73902

Hook lane is an already busy road which is not wide enough to cope with any additional traffic. The houses along our street are bungalows and our privacy would be diminished by being overlooked in our front and rear gardens. The local schools and GP surgeries are already over capacity and as someone looking to start a family soon part of what attracted me to the area was the local schools and nature as well as how quiet the road is. We have already noticed the noise increase from the smaller housing developments nearby and this proposed development would be far worse. The area is not suited to handle that much extra gas, electricity, clean water, and sewage demand. It is already very difficult to get out of the bottom of Hook Lane, especially when there is flooding. This development would make it difficult to get out of the house and difficult to want to stay in the house with no privacy and so much extra noise. This is the 3rd planning application and I believe the developers are relying on persistence to get approval when local residents haven't noticed the new applications or don't have the energy to repeatedly object. The area demographic also includes many older generations who wouldn't necessarily have the technology to submit objections. Please designate this area as agriculture/nature preserve to permanently prevent another overcrowded development being pushed through.

Your views as made above will be considered before the application is determined.
