To whom it may concern  
I wish to register my objections to the planning application AL/137/24/RES.  
My daughter and son in law live in Hook Lane and we have helped buy this property and already find Hook Lane difficult to manoeuvre in the road. The road is not in the best condition and is already has congestion issues. Adding at least 180 cars to this area will make this situation far worse.

There is no room in the local schools and the doctors surgery is so busy that it takes months to get an appointment. The health service in general is under great strain. There are also no NHS dentists in the area, which will be needed if these properties are designed with families in mind.

The idea of flats in this area is totally out of kilter with the existing structures in this area. It will be light blocking for my daughter's property so cutting the right to light.

Please think carefully before placing properties in the wrong places, where the local area facilities are not able to accommodate.

Yours faithfully  
Louise Taylor
