To whom it may concern.

I wish to raise an objection to the Redrow homes application for 89 residential dwellings and unbelievably a 3 storey block of flats. AL/137/24/RES

A three storey building is in no way in keeping with the area as Meadow Way is predominately bungalows.

There are already so many new builds in this area, I feel this is complete over development which is severely impacting on local amenities.

The local school is at capacity, we cannot get doctor's appointments for months.

The roads in Meadow Way and surround are already busy. The main road on the junction of Meadow way is gridlock daily and also floods regularly due to lack of natural drainage.

When does this stop. It seems the council etc are more concern with money than preserving our villages and communities.

Another new build on this land will decimate an already shrinking rural area. My children and I regularly cycle along the path by this piece of land. We collect bugs and watch the birds nest and feed.

Please do not allow this planning to be approved. Protect our village from becoming a new build nightmare.

Kindest Regards  
Carrie O'Connor
