I object to the planing of 89 propertyys

Because of extra traffic it would bring to Meadow Way.

Very difficult to turn right on to Westergate Street because of blind bend and also turning right into Meadow Way.

Also when railway gates are shut no body will able to turn right due to volume of traffic

The road very often closed due to flooding

Sewage system under pressure to and increasing low water pressure in the area

All service's under pressure schools, doctors etc and the road network system going West or East is always a problem at peak time's

Loss of green land is not doing much the environment or the eco system

Fred Goldie 12 Meadow Way
