Application reference: AL/137/24/RES

Description of development: for the construction of up to 89 No residential dwellings, including 3 storey block of flats with access taken from Meadow Way.

Reason of my objection as a resident of Meadow way after moving here since 2022 :

- Road access into the proposed new development pretty much the start of a curve bend round to lamorna gardens which would be easily over 100 cars more pulling in and out of the junction which will result to accidents.
- Infrastructure in this area as schooling and doctors is very hard to get and come by now.
- Being a small cul-de-sac with not the best junction now onto the main road ( Westergate Street ) I cant see it coping with well over 100 more vehicles.
- drainage issues sewage and storm

In general disappointed with the application being re-submitted once again trying to do minimal changes just to get it passed. As in the building trade myself and looking at all the local developments going on I must say this one is the worse purely down the the terrible access in and out and all that has been listed.

Thanks for your time.

Joshua sycamore
