Hi Kathryn,

Hope you are well!
After discussions with the site managers, they would now like to Crown reduce the entire crown to keep the canopy balanced and to match work previously carried out on trees further down the development.
The remaining canopy measurements should be:
6-8m Wide
10-14m height

Hope this helps.

Kind Regards,

Climbers Way Tree Care

Dear Tom,

Many thanks for the additional information, the plan meets the requirements now however I still need the **proposed** height and spread measurements i.e. after works have taken place. This may appear backwards but it allows our officers to check the works once complete; obviously the removed bits wouldn't still be on site. If the trees act as a group which is fairly uniform in depth/height then the proposed measurements could be for the group.

Many thanks,

Kathryn Welch

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Good Afternoon Kathryn,

Hope you are well.

Further to your letter, please see attached the map for the TPO application.

I have highlighted in Orange the direction that will be cut. We will be reducing by 2m.

Kind Regards,

Climbers Way Tree Care
