Consultations responses received:

Conservation Area Advisory Committee - No comment.

District Conservation Officer - A well designed garage which is not conspicuous in the street scape. It will not detract from the setting of the nearby Listed Buildings nor detract from the character or appearance of the Conservation Area.

District Arboriculturalist - The only trees of merit are a Weeping Ash, Beech and large Hawthorn on the eastern boundary. There is a Deodar Cedar which is of note but leaning and slightly unstable.

POLICY COMMENTARY

The above policies combine to describe the criteria against which the application will be assessed particularly with regard to visual and residential amenity.

DEVELOPMENT PLAN AND/OR LEGISLATIVE BACKGROUND

Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:-

"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."

The proposal is considered to comply with relevant Development Plan policies in that it would have no materially adverse effect on the visual amenities of the locality or the residential amenities of the adjoining properties, nor would it have an adverse impact upon the established character of the surrounding are, particularly the tree screen.

OTHER MATERIAL CONSIDERATIONS

It is considered that there are no other material considerations to warrant a decision otherwise than in accordance with the Development Plan and/or legislative background.

CONCLUSIONS

The site lies outside the built-up area boundary. The house is adjacent to the church in a conservation area. The property has been significantly extended and is a large detached property. To the front of the dwelling is a gravel drive and it is proposed to construct a 3-bay

garage foward of the dwelling and to the side. As the site is well screened, the proposal will not significantly affect the conservation area or adversely impose on the view of the Listed Building.

The amended plans have located the garage away from the tree screen and propose new tree planting. Therefore there will not be any adverse effects on the existing trees.

It is therefore recommended that the application is approved subject to the conditions set out overleaf.

RECOMMENDATION

APPROVE CONDITIONALLY

1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

2 This permission relates to the amended plan submitted on 8th April 2008 and not to the plans originally submitted.

Reason: For the avoidance of doubt.

3 INFORMATIVE:

Summary of Reasons for Grant Article 22(1) General Development Procedure Order 1995

SUMMARY

This planning permission is granted because it complies with the policies listed below in that the development would not cause any material adverse effect on visual or residential amenity on the surrounding area and its character or on the setting of the Listed buildings and there are no material considerations to indicate otherwise.
