This application is a Departure from the Development Plan and is in CIL Zone 3 and is CIL Liable as new dwellings.

Thank you for your internet representation made on 13th April 2022 which has been recorded as an objection with the comments as follows:

OWPC46598

I have lived in Sack Lane for many years and during that time, sadly most of the farm buildings have been converted to residential dwellings. This has resulted in a significant increase in speedy traffic in the lane with absolutely no provision made for the additional volume of vehicles. There are no public passing places, a challenge when large contracted tractors towing huge trailers are encountered, no walkways and if this development were to go ahead the traffic would further increase making it even more frightening to walk in the lane.

The amount of light pollution following these conversions is disappointing too.

Public transport here is virtually non existent as are any other amenities so travel by car would be necessary.

There are barn owls residing in these buildings, which are a delight to see, and we enjoy a diverse range of wildlife that we do not wish to lose.

Your views as made above will be considered before the application is determined.
