Michael

Please accept my apologies for the later than intended reply.

I have considered the revised illustrative layout plan. Although a slight improvement from the original layout as it seeks to respect the existing Root Protection Area of preserved trees (TPO); there remains an unacceptably high number of moderate-high quality trees proposed for removal across the site and inadequate space around the most significant individual trees (T07 maidenhair, T29 oak and T44 beech) to facilitate and accommodate future growth above and below ground.

As such, I must sustain an Objection until such time as the above issues are satisfactorily resolved.

Regards,

Mark

Hi Mark,

Please could you send me your consultation response to the revised layout plan for AL/20/18/OUT today. I need to add your response to the update sheet for the Development Control Committee.

Thanks,

Michael
