Dear Megan,

Thanks for your email. I have asked our Landscape Officer to look at the DAS.

I am planning on writing to you next week with my observations on the application.

Also, just as a reminder, as per the note in my email signature, you will not be able to access the planning application files next week.

Kind Regards

- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Good evening Simon,

Further to our email correspondence below, I have been continuing to monitor the consultee responses on ADC's website.

We note the comments received by WSCC highways and ADC's engineer and our consultants are working through the responses received.

In terms of the comments made by ADC's Leisure and Landscape Officer – I thought I would take the opportunity to ask whether the officer has seen the landscape strategy that forms part of the Design and Access Statement (DAS Pages 29—40) – we appreciate it may not be clear that the landscape strategy forms part of the DAS but we believe that the main comments are addressed with the document.

Kind regards,
Megan
