Subject: FW: Land North of Lees Yard (AL/21/20/OUT) - Amended Transport Assessment

Hi Simon,

Just so you are aware, I sent the below email to WSCC Highways today as they had based their consultee response on the previous Transport Statement, rather than the amended report.

All the best,

Kai Penny MSc
Town Planner

Subject: Land North of Lees Yard (AL/21/20/OUT) - Amended Transport Assessment

FAO: Stephen Gee

Dear Stephen,

On 24th March 2020, you provided consultee comments on planning application reference AL/21/20/OUT, which relates to Land North of Lee's Yard.

Having read your response, we note that you have based your comments on the original Transport Statement that had been submitted on the previously refused application for the same site (reference AL/57/18). We had submitted an amended version of the Transport Statement on the 16th March 2020, which we forwarded to WSCC (see attached) and is now on the Arun Planning Register.

You may therefore want to revisit your consultation response in light of the amended Transport Statement (which I have attached to this email for ease of reference).

Any queries, do not hesitate to contact me.

Kind regards,

Kai Penny MSc
Town Planner
