Hi Gareth,

I'm just starting to draft conditions and I've noted that WSCC refer to the Access Plan dwg 6530A/102 Rev B in one of their conditions. However, the only version on file was in the superseded Transport Assessment. The substitute TA (March 20) does not have this included. Can you confirm this plan is still to be included and if so provide a revised TA with it included (or a separate drawing). As we are approving access, we need an access plan so we should have one somewhere.

Kind Regards
