Hi Simon,

Apologies, I have only just had sight of the landscape plan submitted for the above application. I met the applicant and agent on site in November 2015 to discuss the planting requirements for this site. While the site is mostly screened from external views there are gaps which need to be filled, particularly from the adjacent footpath. The plan submitted appears to fulfil this need and gives outline details of the suggested planting, however I require a fully detailed planting plan to be able to provide meaningful comment, particularly relating to the locations of the standard trees. I would also ask for standard trees to be incorporated along the hedge line adjacent to Plot D.

Regards,
Rachel
