Subject: Planning Application - AL/21/22/DOC, AL/22/22/DOC, AL/23/22/DOC AND AL24/22/DOC

CAUTION: This email originated from outside of the organisation. You should take extra care when clicking links or opening attachments - if you are unsure the content is safe contact the IT Helpdesk before clicking or opening.

Dear Sirs,

Here we go again! Planning Permission being sought outside the designated building line.

I am totally sick and tired of continually hearing about more planning applications surrounding us. We already have 89 extra houses in Hook Lane with a further 8 houses being built as we speak and, I understand, there is the likelihood of a further 10 houses next door to Far Plants Nursery. That means 107 extra houses in a piece of Lane around 200 yards long.

This is a COUNTRY Lane and I don't want all these new houses built close to where I live. GO SOMEWHERE ELSE AND LEAVE US ALONE. You have already destroyed a lot of wildlife and trees in the area and now you are going to do it again near the old Wings Nursery.

It sounds as if they haven't done anything yet to the land. THIS IS COMPLETELY WRONG. They have chopped down a large number of trees, levelled the fields surrounding Wing House and erected fences near the A29. That isn't doing nothing. That is doing a lot. I thought I had missed the application because of all the work already carried out BUT then I get the application by email and my blood just simply boils.

What is Arun DC doing about the power of these developers because from where I stand it is absolutely nothing. Get some balls and stand up to them and make them take the fields etc., back to where they were. Unfortunately, the trees cannot be replaced but they ought to be prosecuted for doing what they have done to land that they haven't got permission to build on yet.

All this house building near me has got to stop. Anybody living in the houses will have to commute to somewhere and that will add to the already over congested roads.

The other day I travelled up Westergate Street towards Eastergate and the queue of traffic wanting to get over the level crossing stretched right back to the Basmati Restaurant (what was The Labour in Vain) – that is over a mile and it was mid afternoon and not term time so it wasn't school traffic!!

I'm sorry but you just leave me speechless with your totally inadequate control over these developers. [REDACTED]
