Dear FAO Sutcliffe,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015
Approval of details reserved by condition imposed under AL/20/21/PL relating to condition 12-surface water drainage.
Land At Wings Nursery Lidsey Road Woodgate PO20 3SU

Notification regarding the above application:

Condition Number 12

Development shall not commence until full details of the maintenance and management of the surface water drainage system is set out in a site-specific maintenance manual and submitted to, and approved in writing, by the Local Planning Authority. The manual is to include details of financial management and arrangements for the replacement of major components at the end of the manufacturer's recommended design life. Upon completed construction of the surface water drainage system, the owner or management company shall strictly adhere to and implement the recommendations contained within the manual.

Reason: To ensure that the proposed development is satisfactorily drained in accordance with policies W DM1, W DM2 and W DM3 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition to ensure that the future maintenance and funding arrangements for the surface water disposal scheme are agreed before construction commences.

Decision:

Arun District Council have decided to **REFUSE details reserved by condition for the following reasons:**

This condition can only be discharged once the surface water drainage system has been agreed for the site. The surface water system has not yet been approved and should not be constructed until approval has been received. Please note the comments in the Drainage Engineers response on the website dated 19/04 (points 1-4). Please resubmit the application documents together with the requested information and amendments.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
