

FOUL WATER DRAINAGE STATEMENT

Easter Cottage, Old Dairy Lane, PO20 3AF

1. Introduction;

This drainage statement is to accompany the planning application for a new side extension of Easter Cottage, the property is located along Old Dairy Lane within the Norton Conservation Area.

2. Site;

The site is located within a rural area. The existing buildings are farm barn converted in vacation accommodations.

The proposed side extension design will be consistent with the current aspect of the existing building in terms of materials used, alignment and heights.

3. Foul Water Drainage;

The proposal will provide for an en-suite that will have drainage requirements. The en-suite drainage system will be connected to the current main drains for sewage.
