Development: Application for approval of matters reserved by condition imposed under AL/110/12 relating to Condition no. 14 (Construction Management Plan).

Planning Application No: AL/27/17/DOC

Highways England Ref: HAMIS 77723, #3006

Dear Mr Davis,

Thank you for forwarding the amended Traffic Management Plan supporting the application to discharge condition 14 of planning permission ref AL/110/12.

We are pleased to see that the intended routing of 'large delivery vehicles' has been altered in response to our concerns so that they will not turn right off or undertake the difficult left turns straight from the A27. The applicant, due to the obvious safety related issues of these turning movements from the A27 will need to ensure that the designated routes are strictly adhered to.

With the above matter considered and in the further interests of the safety and operation of the A27 trunk road we still require the following information to be included in the Construction Management Plan:-

- Confirmation that loads will be covered; and
- Confirmation that construction vehicles will not use the A27 during peak hours.

We therefore request that Condition 14 is not discharged until this information is included within the Construction Management Plan.

Kind regards,

Elizabeth Cleaver, Assistant Spatial Planning Manager
