

Application Correspondence

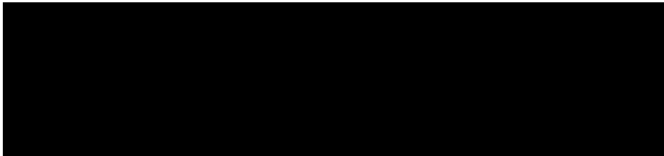

Subject: REF: 27/20/PL - Hook Lane, Hidingbourne

Hi Kerry,

Understood re Natalie. Sorry I meant would you provide another copy of the preliminary Engineering details drainage strategy drawing (previously 602-01 Rev A)? It was that just that one of the previous concerns was the proposed soakaway within the RPA of the TPO on the eastern boundary.

Kind Regards

Hi Simon,

I hope you're doing well and managing ok. Unfortunately Natalie is on furloughed leave for the time being so please can I ask that you email me in relation to the above application until she returns to work – which we hope will be shortly.

Please see attached the foul sewerage and surface water statement and supporting information.

Please let me know if you would like any additional information.

As you will see from the proposals the revised scheme has been specifically designed to address the concerns with potential impact on the trees along the north boundary. We would be grateful to receive feedback from the Council's Tree Officer at the earliest opportunity.

Kind regards,
Kerry
