

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: AL/28/21/PL

Dear Planning,

Proposal: rection of 2no. 1.5 storey dwellings, a detached garage block and an associated scheme of hard and soft landscaping

Address: The Grange Westergate Street Westergate PO20 3SQ

I have considered the proposed application and Environmental Health have some concerns regarding noise from the West Coastway railway line which backs unto the proposed property. We require that the applicant demonstrate that the sound insulation of the proposed dwelling is sufficiently adequate to prevent an adverse impact on the future occupiers.

However, should the application be considered for approval, we recommend the following condition to be imposed.

Construction Management and Demolition Plan

No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. Thereafter the approved Plan shall be implemented and adhered to throughout the entire construction period. The Plan shall provide details as appropriate but not necessarily be restricted to the following matters:

- a) An indicative programme for carrying out of the works;
- b) Details of the arrangements for public engagement / consultation both prior to and continued liaison during the construction works;
- c) Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method of piling for foundations, the careful selection of plant and machinery and use of noise mitigation barrier(s);
- d) Details of any floodlighting, including location, height, type and direction of light sources and intensity of illumination;
- e) The parking of vehicles of site operatives and visitors;
- f) Loading and unloading of plant and materials, including permitted times for deliveries;
- g) Storage of plant and materials used in constructing the development;
- h) The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
- i) The provision of wheel washing facilities and other works required to mitigate the impact of construction upon the public highway (including the provision of temporary Traffic Regulations Orders);
- j) Measures to control the emission of dust and dirt during construction;
- k) A scheme for recycling / disposing of waste resulting from demolition and construction works i.e. no burning permitted.

Reason: To protect the amenity of local residents in accordance with Policy QE SP1 of the Adopted Arun Local Plan 2011 – 2031

Protection from Railway Noise

The proposed development shall not begin until a scheme for protecting the proposed dwellings from noise and vibration from the West Coastway railway lines behind to the proposed development has been submitted to and approved in writing by the Local Planning Authority.

Any works which form part of the scheme approved by the Local Planning Authority shall be completed before any permitted dwelling is occupied unless an alternative period is agreed in writing by the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM1 of the Adopted Arun Local Plan 2011 – 2031
