Mr. Mallen,

AL/31/19/HH - 16 Church Road, Aldingbourne – Front Windows

I am not satisfied that sufficient detail regarding the front windows has been supplied in this application as yet.

Both neighbouring properties have good quality well maintained wooden cottage style windows in their front elevations.

My preference would be for cottage style wooden framed windows with slimline double glazed panels. If the client is insistent upon UPVC framed windows the details of exactly which UPVC windows would need to be considered prior to making a decision on the application to avoid an outright refusal of the application as contrary to policies relating to design and historic environment.

Please can you contact me with further details of the front windows or contact me on 01903 737768 if you have any further queries.

Thank you,

Andrew Wood
