Refuse and Recycling Bin Storage and Collection Provision Statement:

*Generally:*

The location for the existing reuse storage and recycling bins are indicated on drawing 15047 02.01B.

Refuse and recycling generated by operations in the new building will be minimal and the ample existing provision for storage will be sufficient to contain the small amount generated.

Collection will continue to be carried out from the site entrance where there is ample space for the bins to be housed on collection day.
