Hi Simon

Thanks for the reply, completely understand.

I would be hugely grateful if this could be resolved the week of the 2nd July as we have commercial pressures and lending to consider.

Many thanks again for your time.

Best wishes
Karen

Dear Karen,

It would be at your own risk. I cannot give you any assurances.

Kind Regards

Hi Simon

Thank you very much for the reply. I'm sure this is nearly impossible to answer but we have an 8 week lead time on delivery of components which puts us tight against a deadline. Are we safe to order materials yet given the application is hopefully being supported?

Very best wishes
Karen

Dear Karen,

If once I start writing it and I am able to get it done on the same day then it would then need to be reviewed by my Team Leader which should only take a couple of days. I'd say a week at most but that is reliant on me completing the report same day or on the next day.

Kind Regards

Hi Simon

Thank you for the reply, I am sorry that you are so busy. In reality, once you start the reports, how long will it be before we have an answer so I can let various parties know?

Best wishes
Karen

Dear Karen,

I had planned to work on yours today but I'm sorry, I am instead finishing off more urgent reports that I'd started earlier in the week. It now looks like I won't be able to schedule time for yours until the 2nd of July as I have blocked out all of next week to get on with some old pre-application enquires. I am sorry but I will get to your

application as quick as I can and I am trying to juggle several competing demands and I am trying to be fair by doing the oldest ones first.

Kind Regards

Good Afternoon Simon

I hope you are well.

I wondered if you would be able to update us on progress as we have passed the 18th June extension date. I understand you are busy so do apologise but I am trying to keep all parties up to date with progress.

Many thanks

Very best wishes
