Daniel

I have just missed the deadline for submission but this needs to be considered as application moves forward

Sustainable transport

The application lacks sufficient detail on how it will support Sustainable transport. NPPF Sec9, WSCC Cycling and Walking strategy

Cycle routes and paths across this site and interconnecting routes need to be planned. Routes need to allow residents access to Bognor, Chichester, Schools and shops and should include links to local cycle networks and the National Cycle network

To encourage residents to use cycles the roads, houses and gardens need to be planned in such way that storage and easy access to cycles is the norm. Cycle storage at the back of the garden is not acceptable or user friendly
